Employee & Team Awards 2022

Newry Chamber Celebrates Business Champions

The very best employees and teams from the business community across the Greater Newry Area were celebrated at the Newry Chamber Employee & Team Awards 2022.

The glittering awards ceremony took place at the Canal Court Hotel & Spa on Thursday 8th September 2022 and honoured the achievements of 21 individuals and organisations.

The winners came from organisations of all sizes from start-ups to social enterprises, charities, family businesses right up to the major global players based here. The categories also reflected the key sectors in the region including retail, hospitality, professional services, construction, digital, manufacturing and engineering. The Overall Team of the Year went to Southern Area Hospice Services and Overall Employee of the Year went to Celine Grant from Re-Gen Waste. See full list of winners below.

Julie Gibbons, President of Newry Chamber said:

"There is no question the few years have been amongst the toughest times faced by businesses and society in general. However, from the over 150 award applications received by the Chamber, we can clearly see that the local economy is being driven by many hardworking, ambitious

and talented people."

"The Employee & Team Awards hold a special place for me, as this is the opportunity to really recognise our people. I often say to my team, that leaders are only as good as their team. I would say most business owners would say that if it wasn't for the commitment, work and loyalty of their teams and "covid heroes", we would never have made it through the last couple of difficult years."

"The Greater Newry Area is recognised as a place synonymous with entrepreneurship, innovation, excellent service, product quality and customer care. This year's awards have recognised the very best that this region's business community has to offer. Well done to all individuals and teams that entered and congratulations to the winners."

"The Awards could not happen without the generous support of our category sponsors. So we would like to thank them all. Newry BID, ABP Food Group, PureVent, U105, Collins Aerospace, Digney Grant, Gray Design, Bank of Ireland, Newry Reporter, Canal Court Hotel & Spa, Jack Murphy Jewellers, Newry Democrat, DELI LITES, AbbeyAutoline, Hinch Distillery, FD Technologies, Killeavy Castle Estate, Southern Regional College, mac-group and Translink."

Employee & Team Awards 2022

Team effort brings success after success to Mulkerns Eurospar

MULKERNS Eurospar just can't stop winning awards.

Coming on the back of their success at the Newry Chamber Employee and Team Awards, the local business has scooped two major awards at the prestigious Convenience Retailer of the Year 2022 presentations.

Judged to be best in the category of 'Large Convenience Store of the Year', the Forkhill Road premises also came out tops for best 'Food to Go' store.

Speaking after the event, Terry Mulkerns commented:

"We're absolutely delighted to have taken 2 Convenience Awards back from London! This is our second year in a row winning "Food to Go Retailer of the Year", and the first time that we entered "Large Convenience Store of the Year" ...which we also won.

"To beat so many top retailers from right across the UK in these categories is something we are very proud of, and a testament to the hard work of each and every one of our Team."

Editor of ConvenienceStore.co.uk Aidan Fortune said: "Mulkerns Eurospar is simply a fantastic store with a tremendous offering that provides everything that a local community could want. Its food to go offering has gained quite a reputation in the convenience sector and they create the standard within this category that other stores aim for. The team's overall range and service to its community as well as great work on sustainability make them one of the best convenience stores in the country."

The awards were presented at a ceremony held at The Londoner on 13 September and hosted by Katie Piper.

Editor of ConvenienceStore.co.uk Aidan Fortune praised all of the finalists and category winners. "The standard of entries was so high this year and the judging panel had a difficult job of cutting down so many excellent stores to our finalists. Even harder than that was deciding on winners."

Resonate Testing Showcasing Capability to Global Market

Newry based Resonate Testing demonstrates that local capability can successfully compete on the global stage.

The commercial test house provides engineering test solutions for companies across a range of industrial sectors, which are required to demonstrate that their components will operate under the most stringent environmental conditions.

Resonate Testing's talented team of engineers and technicians offer their clients bespoke, tailored support and solutions for a range of environments, replicating the harshest conditions on the planet whether they be artic, desert, rain forest, or high or low altitude etc.

Recently the team has demonstrated that its capability extends beyond the earth to support the growing demands from the space industry. The company played an important role in the

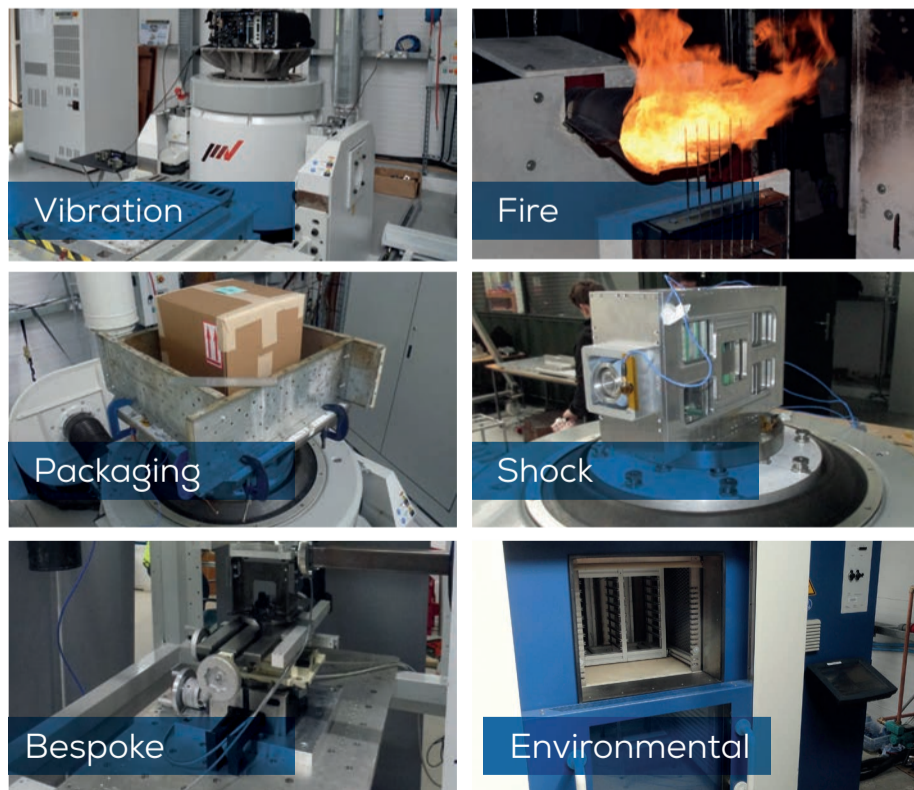

launch of the James Webb Space telescope, which launched on Christmas Day 2021, conducting high level vibration and SRS shock testing on equipment that was used as part of the launch. The company also recently conducted testing on hardware that will be used on the European Space Agency's Lunar Pathfinder spacecraft, due to launch in 2025.

Speaking about the company's success, Tom Mallon, Managing Director said, "I'm extremely proud that our family run business constantly demonstrates to a range of global industries that we deliver the highest levels of support, all achieved by our in-house integration of engineered solutions, whether design, fabrication, or instrumentation of test rigs."

Contact Resonate Testing today to discuss your testing requirements.

Commercial test house offering high quality testing and certification services to all industrial sectors.

Lee Opticians Win Best Beauty, Health & Wellbeing Team

Lee Opticians picked up the prize for the Best Beauty, Health and Wellbeing Team at last week's 2022 Employee & Team Awards held at the Canal Court Hotel.

The event celebrates 'Greater Newry's Greatest' and is run by Newry Chamber of Commerce & Trade.

Director of Lee Opticians Michael Gilsenan said, "I am delighted that our team received this recognition for the fabulous work they have done over the past number of years. Our staff continue to go above and beyond for our patients, and the Covid-19 pandemic has only strengthened this quality in the team."

The Lee Opticians team across all three local practices continually strive to best meet the needs of the communities they work in and this was no different as they adapted to serving the communities in Warrenpoint, Crossmaglen and Camlough during the pandemic. Despite having limited staff for much of the lockdown periods, they continued to operate with staff going above and beyond for patients and one example given was a staff member from Warrenpoint travelling

to Crossmaglen to fix a young child's glasses, who otherwise would have been seriously visually impaired for an extended period of time. Staff took all advised safety protocols at the time but were still going out of their way to help patients while risking their own wellbeing at times.

Other notable measures put in place for patients during this time was an emergency contact line to on call staff, the continued and unbroken supply of contact lenses to patients as daily essentials as well as a strict appointment schedule to ensure the safety of both patients and staff. Lee Opticians saw a huge growth in patient numbers as a result of this continued care and attention to detail, especially at their Warrenpoint practice. It is a result of the dedication of Lee's staff and the cohesive approach taken from Management down that their reputation continues to grow locally and further afield, and that they were fitting recipients of the Best Beauty, Health and Wellbeing Team Award.
